FEDERATION OF EUROPEAN WOMEN PILOTS

ANNUAL GENERAL MEETING - 11 - 12 - 13 JUNE 2010 - BEX / LSGB

Remarks

With a desire to foster exchange among our European Women Pilots, we will have an aviation forum Saturday afternoon which will also include an **experience exchange**. We want to encourage our women who have had outstanding flying experiences to share them with us all.

Please **register**, by **April 15th**, with Marianne Schleiss, President of the Swiss Association of Women Pilots (schleissfm@bluewin.ch / mobile +41 79 288 03 32), with the following information:

- brief summary of the experience
- technical tools required (beamer, computer,...)

2010 is the year of the **100th anniversary of aviation in Switzerland**. Many events are being prepared all over the country to commemorate this celebration and many of them will take place right after our FEWP 2010 gathering, should you want to take advantage of your travel to Switzerland and prolong your stay, look into: www.100jahreluftfahrt.ch

www.chenildebex.ch

+41 24 463 24 36 (phone/fax)

For our pilots travelling with their **pets**:
Most hotels do not accept dogs; however we would not want to prevent your "flying dog" from coming, therefore we draw your attention to the existence of a **kenel** at walking distance from the airfield.

Local transportation:

The organizing committee is providing all major transportation linked to the programme, but should you desire a certain degree of freedom and flexibility, some **bicycles** will be available free of charge for those participants staying in hotels close to the airfield.

There is also a possibility for you to rent a **car** for only CHF 25.- /day + 10cts/km via the following link:

www.rent-car-chablais.ch/location.htm

Upon registration you will receive a return-mail confirmation.

We also encourage you to have a regular look at our event's webpage for updates:

Only information contained in official publication is valid for flight preparation.
